RESIF PUBLICATIONS SINCE 2009

Publications on Resif and from Resif data

Août 2021 / August 2021

Avertissement : De nombreuses publications ne mentionnent pas directement ou clairement l'origine des données utilisées (notamment lorsque ces données proviennent de bases de données agrégatives). Il est donc impossible d'établir une liste exhaustive des publications basées sur les ressources Résif. La liste qui suit offre cependant un aperçu du large éventail des travaux de recherche scientifiques rendues possibles par Résif. Outre les articles de revues, elle inclut les documents de type : thèse, carte, ouvrage et chapitre d'ouvrage, communications à des congrès. Elle comporte 1152 publications dont les références sont classées par ordre alphabétique des premiers auteurs. Elle court de 2009 au 16 août 2021.

Warning : Many publications do not directly or clearly mention the origin of the data used (especially when these data come from aggregated databases). It is therefore impossible to draw up an exhaustive list of publications based on Resif resources. However, the following list provides an overview of the wide range of scientific research made possible by Resif. In addition to journal articles, it includes documents such as thesis, maps, books and book chapters, and conference papers. It includes 1152 publications whose references are listed in alphabetical order of first authors. It covers the period from 2009 to August 16, 2021.
